OUTPUT1(add two matrices):-

Input

```
1 2 3
4 5 6
2 3 4

2 4 5
3 4 6
8 6 4
```

Output

```
Enter elements of 1st matrix:
Enter elements of 2nd matrix:

Sum of two matrices:
3    6    8
7    9    12
10   9    8
```

OUTPUT2(highest marks):-

Input

```
33 45 67
25 38 43
32 56 98
67 85 76
```

Output

```
    Enter marks in subject no.1 = Enter marks in subject no.2 = Ent
Enter marks of Student No.4
    Enter marks in subject no.1 = Enter marks in subject no.2 = Ent
Student No.4 got highest in subject No.1 which is: 67 marks.
Student No.4 got highest in subject No.2 which is: 85 marks.
Student No.3 got highest in subject No.3 which is: 98 marks.
```
